

# Accelerate Your Transition:

## Choose Metsi to move seamlessly from VMware to Nutanix!

# NUTANIX

Whether you are concerned about the current changes unfolding at VMware and you want to understand a safe roadmap and strategy for your business, or you are invested in Nutanix and need to ensure ROI and minimise risk by moving from VMware to Nutanix – choose Metsi to help you achieve success.

Accelerate your migration from VMware to Nutanix solutions with Metsi, minimising downtime and disruptions to your critical business services. Benefit from the expertise of our seasoned professionals with a proven track record in Nutanix migrations. Metsi streamlines the planning process, allowing you to harness the full value of your infrastructure investments promptly.

As an Award Winning\*, **Nutanix UK&I Services Partner 2023**, Metsi stands out with its extensive experience in both VMware and Nutanix technology spaces.

Our portfolio boasts successful migrations across diverse customer profiles, ranging from small and medium-sized businesses seeking cost-effective solutions to large enterprises with intricate migration requirements. At Metsi, we tailor our approach to meet your unique needs.

Collaborating with Metsi transcends the infrastructure layer; we bring our expertise to applications, operations, and overall business alignment. Our consultants engage with customers at all levels, ensuring a comprehensive and holistic migration experience.

Embark on your migration journey with Metsi, where our consultants will guide you through:

- Kick-off and strategy workshops
- Migration design workshops and documentation
- Migration planning workshops and documentation
- Migration execution and support

As your dedicated partner, Metsi offers flexibility in engagement. Choose to have our project team, consisting of seasoned solution architects, project managers, and engineering consultants, manage your migration entirely. Alternatively, leverage our expertise to augment your in-house project teams, enhancing their capabilities and ensuring a smooth migration process.

**Metsi is committed to delivering excellence at every step of your VMware to Nutanix migration, providing a seamless transition that aligns with your business objectives.**
